

Interactive discussion workshops

Rheumatology workshops

- R1 MRI in diagnosing sacroiliitis: Tricks and traps
- R2 Hands-on ultrasound
- R3 How to publish
- R4 Interpreting data from randomised controlled trials
- R5 Rheumatoid arthritis in difficult clinical situations
- R6 Vaccinations: Timing and targets
- R7 Early spondyloarthritis: Tactics and clinics
- R8 Remission in psoriatic arthritis
- R9 Treatment options following biologics
- R10 Skin manifestation in rheumatoid arthritis

Dermatology workshops

- D1 Managing life events
- D2 Early detection in psoriatic arthritis
- D3 Pustular psoriasis
- D4 Managing difficult cases
- D5 Psoriasis and the liver
- D6 Psoriasis and obesity
- D7 Screening and monitoring: Practical considerations in clinical practice

PROGRESS AND PROMISE 2013

PROGRESS AND PROMISE 2013

Advancing science,
improving everyday practice

4–6 April 2013
Barcelona, Spain

The programme Secretariat is applying for European CME accreditation on behalf of all attending physicians.

INVITATION

It is with great pleasure that we invite you to Barcelona, Spain, for *Progress and Promise 2013*, a world-class educational event sponsored by Pfizer, now in its seventh year. The theme this year is *Advancing science, improving everyday practice* and our aim is to give specialists in inflammatory diseases from around the world a chance to share insights and understandings from their clinical practice.

Over three days, a faculty of leading dermatologists and rheumatologists will present the latest research in their respective fields through a series of plenary lectures and interactive discussion workshops.

Core objectives:

- Facilitate earlier diagnosis and treatment of inflammatory skin and joint disease to enhance patient outcomes
- Improve management of moderate-to-severe patients with inflammatory skin and joint disease to enhance long-term outcomes
- Inform physicians of the value of available therapies
- Educate physicians on managing patients with multi-system diseases and potential complications with treatments
- Communicate data on emerging therapies

Through your participation, and the involvement of the eminent international faculty, we hope to facilitate the sharing of the discussions and learnings from this meeting to your peers throughout the region.

We hope you will join us for what promises to be a high-quality and valuable educational event.

Chairmen

Professor Emilio Martín Mola

La Paz Hospital
Madrid, Spain

Professor Lluís Puig

Hospital de la Santa Creu i Sant Pau
Barcelona, Spain

Agenda

Thursday 4th April Joint dermatology and rheumatology opening ceremony

18.15	Welcome to Progress and Promise 2013
18.25	The Summit Programme 2013
18.30	Exploring inflammatory pathways
19.00	Novel trial design
19.30	CLOSE & DINNER

Friday 5th April Dermatology programme

09.00	WORKSHOP 1
10.00	WORKSHOP 2
11.00	COFFEE
11.30	Genetics, pathogenesis and future targets for psoriatic disease - Clinical implications
12.00	Emerging treatments in psoriasis
12.30	Co-morbidities: What to screen and monitor
13.00	LUNCH
14.00	WORKSHOP 3
15.00	WORKSHOP 4
16.00	COFFEE
16.30	Pregnancy outcomes in psoriasis
17.00	Psoriatic disease: Treatment strategies in the long term
17.30	Safety perspectives in the management of psoriasis and psoriatic arthritis
18.00	MEETING ADJOURN

Agenda

Friday 5th April Rheumatology programme

09.00	Methotrexate - Anchor drug?
09.30	Imaging - Disease monitoring and management
10.00	Early RA: Remission and stopping therapy
10.30	COFFEE
11.00	WORKSHOP 1
12.00	LUNCH
13.00	Undifferentiated arthritis: Rheumatoid arthritis or spondyloarthritis?
13.30	Spondyloarthritis: Understanding and managing non-responsive biologic patients
14.00	Bone and inflammation in spondyloarthritis and rheumatoid arthritis
14.30	Small molecule therapy: Old and new
15.00	COFFEE
15.30	WORKSHOP 2
16.30	WORKSHOP 3
17.30	MEETING ADJOURN

Saturday 6th April Joint specialty programme for dermatology and rheumatology

08.30	RHEUMATOLOGY WORKSHOP 4
09.30	Chairmen's welcome
09.45	Classification criteria to diagnosis
10.15	Psoriasis and psoriatic arthritis: A collaborative approach
10.45	COFFEE
11.15	Biosimilars: The evidence
11.45	Immunogenicity: Relevance to clinical practice
12.15	Chairmen's close
12.45	LUNCH AND DEPARTURE
